RESPONSIBLE USE POLICY FOR TECHNOLOGY

Preamble

Catholic Schools of the Archdiocese of Philadelphia Revised June 2018

The heart of our curriculum is timeless ~ love, truth, beauty, mercy. We teach about creation as well as the Creator. We educate on being in solidarity with those who suffer and how to cultivate a prayer life.

In his message for the 48th World Communications Day, Pope Francis said that technology is a “*gift from God.*” The Pope challenged the Church to use this tool to promote the faith, asking how communication can “*be at the service of an authentic culture of encounter?*” Because of these things we are committed to participating in society. And to be committed to such participation requires using technology in appropriate ways.

We are interested in technology because of our faith.

We expect our students use technology to think more critically, to communicate effectively, to express their creativity, and to conduct research. Our teachers have access to updated technology in their classrooms to engage our students and challenge them to learn in ways not previously imaginable. We empower students with the technical skills necessary to participate in a culture that is increasingly dependent upon technology while challenging them to be digital ambassadors spreading the Good News.

But, it is our faith that guides how we use technology.

We teach our students about the ethics of technology and train them to be savvy about things like Internet privacy and safety. We teach the unfortunate reality of technology addiction. We remind students and parents that technology is aggressively marketed and to be careful about getting caught up in the hype.

We also acknowledge that we sometimes need to “unplug” from technology as it can cause us to become isolated from one another. We encourage family meals without screen time and the importance of communicating face to face.

We greatly value technology in our schools. And what makes technology most powerful is when it serves to make our students better people!
